

AEROFORM

LED Adjustable Wallpack

Applications: Commercial buildings, apartments, schools, hotels, public areas, schools, hospitals

PERFORMANCE SUMMARY

As versatile as it is stylish, the Aeroform Series is designed for multiple mounting options with a 90° adjustable bracket and sleek aerodynamic lines for a wall pack luminaire that converts to a whole lot more

Delivering a broad range of illumination solutions with superior performance, installation flexibility, long term reliability and significant energy savings—the Aeroform Series makes the choice simple for all your outdoor lighting applications.

Construction

- 90° adjustable wall or bracket mount provide versatility for flood and wall light options
- Clean lines compliment a wide range of outdoor settings
- High impact die cast aluminum body with UV resistant finish
- DLC Premium 5.1 qualified product

Optics

- 140lm/W operating efficiency
- Philips LumiLED PCB available in IES type 2 optics
- IP65 polycarbonate refractor lens deliver exceptional coverage and uniformity while protecting inside electronics
- Tunable CCT switch from warm white (3000k) to daylight (4000k) to cool white (5000k)

Electrical

- AC120-347V input voltage (1-10VDC Dimmable)
- Optional button photocell sensor control
- 2kV surge protection
- Field selectable, 4 way power control

Specification

Volts: AC120-277V/277-347V
 Average Rated Life: 50,000hrs
 CRI: RA70
 Environment Location: IP65
 Impact Rating: IK08
 Operating Temp: -22°F to 113°F
 Surge: 2kV line neutral
