

COBRA

LED Roadway Luminaire

IK08 IP67

Applications: Roadways, parking lots, municipal streets, highways, off-ramps, causeways, general area spaces

PERFORMANCE SUMMARY

The Cobra Roadway fixture from Sunled provides all the latest in LED performance advantages in a familiar yet refined street Cobra shape available in up to 38,000Lms

With its modular optic construction the Cobra can be for be tailored to illumination of highways, municipal streets or interior roadways while maintaining code compliance with 6 expertly designed IES distributions. Our accessory base features include bird spikes, 5° backlight shields, left and right side throw lens and industry leading surge protection all in an elegant and powerful design

Construction

- Contemporary simple lines provide an appealing dayform with a considerably reduced EPA load
- Utility friendly tool less option enables quick and safe installation reducing time on pole or in bucket
- Heavy duty die cast aluminum housing (IP67)
- Modular design allows for easy installation, replacement and maintenance.
- Centralised flow-through convection system, pulls heat off both the optics and driving housing
- IK08 rated lens and body

Optics

- Engineered optics designed for roadways, residential streets, parking lots and causeways
- High uniformity CRI80 LED with lenses constructed of durable optical polycarbonate for optimum roadway visibility
- Additional steel plate provides added protection for the LED engine, prolonging fixture optical life.

PRODUCT CODE

Example Cobra 120V cat. 8L.T5M+BL.40.BR.SL.SPD/BS.0

Model No	Lumen Package	Distribution	CCT (°K)	Finish	Mount	Accessories	Control
Cobra 120 120-277V	4L - 4,000 lms	T2M - Type 2 Medium	30 - 3000K	BR - Bronze RAL8019	SL - Slipfitter	SF - Safety Cable	PE - Photocell
	8L - 8,000 lms	T3M - Type 3 Medium	40 - 4000K		HT - Horizontal	SPD - 10kA/20kA	AL - Airlink
Cobra 480 347-480V	12L - 12,000 lms	T4S - Type 4 Short	50 - 5000K	BK - Black RAL9011	Tenon	Surge Protection	DIM - 1-10v Dimming
	15L - 15,000 lms	T4M - Type 4 Medium	57 - 5700K		PT - Pole Tenon Adaptor	BS - Bird Spikes	
	19L - 19,000 lms	T5M - Type 5 Medium		W - White RAL9010	DM - Direct Mount	TLL - Toolless Entry	0 - None
	23L - 23,000 lms	+BL - 5° Backlight Addon		G - Gray RAL7004		0 - None	
	27L - 27,000 lms	+ST - Side Throw Addon					
	30L - 30,000 lms						
	34L - 34,000 lms						
	38L - 38,000 lms						
xxL - Custom							

Specification	
Lumen Package	4,000 - 38,000
Wattage Range	30 - 280
Efficacy Range	130 - 135
Weight lbs (kg)	13.51 (6.13) - 30.27 (13.37)

Electrical

- Each PCB is fitted with 20kV/10kA Voltage Suppressors as per ANSI/IEEE C62.41.2-2002 TVS to protect the LEDs from surges and transient voltage events.
- 120-277VAC or 347-480VAC
- Average rated life L70/L90: >200,000H/>60,000H
- Premium LEDs, driver and components with MOLEX and WAGO connectors
- PF: > 0.95 THD: <20%
- Operating Temperature: -40°F to 131°F

Finish

- Corrosion resistant 100µm high temperature polyester powder coat
- 1000hr salt spray certification as per ASTM B117/ ISO 9227:2012.
- Standard RAL colors Grey, Black, Bronze and White with any RAL customizations available

AIRLINK

The AirLink enabled by Synapse Wireless Lighting Control System is the perfect solution for commercial, industrial and municipal applications, such as: auto dealerships, parking lots, garages, shopping complexes and warehouses.

AirLink utilizes robust wireless communication via 2.4 GHz Self-Healing Mesh Network which not only increases reliability and accuracy of system, but also eliminates single point of failure.

The flexibility of the system make it perfect for new construction and retrofit projects. The user-friendly AirLink web application is accessible through any device with an internet connection and allows for complete customization of the system's features.

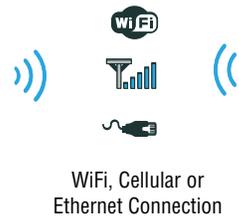

Some capabilities of the system include: occupancy/vacancy sensing, daylight harvesting, scheduling, high-end trim, dimming, zone control, BMS integration and energy monitoring.

The AirLink System

Wireless controls & sensors

- Wireless & Override Switches
- Occupancy/Vacancy & Daylight Sensors
- AirLink-integrated Fixtures
- AirLink-compatible Fixtures
- Circuit & Zone Controllers

Centralized control & integration

Simple-to-use software
